FIBONACCI
“SEQUENCE”

IN

THE QURAN-TESTAMENT

FOR/WITHIN

THE LAST MILLENNIUM

FIBONACCI "SEQUENCE!"

$$(41/53 = 78/28-29 = 72/28)$$

Here, we shall together witness the miraculous Fibonacci "Numbers" in the Quran-Testament, as they have thus Most-Expertly and Most-Proficiently been placed again by Almighty therein beforehand, and thereafter have thus correspondingly been gathered together and perfectly been coded again under number "19," on both sides, by Him again, herein.

Thus, the Most-Wise Almighty, by having superbly planned --even before the foundation of the world-- and thereafter, by generously bestowing upon us again herein now this excellent "golden Miracle," using again those exactly same, simple and straightforward principles that are absolutely intrinsic and fundamental within His most singular and spectacular **19** code & system (please, certainly remember again The Quran-Testament 74/26-31 in this regard), which we have already together comprehensively and clearly witnessed in all of our previous documents, will finally also be reminding us again with these very critical and important Messages, in the end, herein, thus:

=====

53- So We will now show them Our "**Signs**" (=Aayatena; this is a most specific term herein thus especially also referring again to His **19** coded --based on these Fibonacci "Numbers"-- magnificent **Planning** herein, as a separate "**Commemoration/Dhekr**," and therefore also as an individual "**Sign/Aayat**" again thus herein; $36/46 = 21/2 = 74/26-31$) also in the horizons then, and also in their own bodies, until it thus becomes manifest to them that absolutely this is the Truth! ...

(The Quran-Testament 41/53)

28- But they (those disbelievers) have still rejected now Our "**Signs**" (=Aayatena;)
with an utter rejection!

29- But every wanted-thing, We have thus precisely **counted** it (=ahsaynahu) --as/within--
a **Written-Record!**

(The Quran-Testament 78/28-29)

28- and He has thus **counted** (=ahsaa) every wanted-thing --with/in-- "**Number**" (=adadan)!

(The Quran-Testament 72/28)

=====

So now, first of all, let us together remember and clearly recognize herein this unique Fibonacci Sequence, as follows:

0 1 1 2 3 5 8 13 21 34 55 ...

As we clearly see now, after we have started with those first two basic numbers (=0 1 ..), every following number is thus to be the sum of preceding two numbers thereafter;

So, our third number is: $0+1 = 1$

then our fourth number is: $1+1 = 2$

then our fifth number is: $1+2 = 3$

then our sixth number is: $2+3 = 5$

and this goes on thus indefinitely under this simple and straightforward principle above. Because that Italian mathematician Fibonacci first introduced this unique Sequence to Europe in 1202, hence it is called as "Fibonacci Sequence" to this day.

So now let us together also see this unique Fibonacci Numbers a little bit further down, and thus together witness a very surprising and wonderfully "great Miracle" on our way now herein, thus:

0 1 1 2 3 5 8 13 21 34 55 89 144 233 377 610 987 1597
"2584" 4181 6765 10946 17711 28657 46368 75025 121393
196418 317811 514229 832040 1346269 2178309 3524578 5702887
9227465 "14930352" 24157817 39088169 63245986 102334155
165580141 267914296 433494437 701408733 1134903170 1836311903
2971215073 4807526976 7778742049 12586269025 20365011074
32951280099 53316291173 "86267571272" 139583862445

So we should definitely see and clearly notice now:

the very first **19**th number above (= **2584**) is thus also an exact multiple of **19** herein:

2584 = **19**x...

and if we add up then this first set of **19** numbers therein, the total sum will thus also be an exact multiple of **19** again: **19**x...

And then if we start now from this (= **2584**) as our very first/initial number therein, and thus continue on our way,

the second **19**th number above (= **14930352**) is thus also an exact multiple of **19** herein again: **14930352** = **19**x...

and if we add up then this second set of **19** numbers therein, the total sum will thus also be an exact multiple of **19** again: **19**x...

And then if we start now from this (= **14930352**) as our very first/initial number therein, and thus continue on our way,

the third **19**th number above (= **86267571272**) is thus also an exact multiple of **19** herein again: **86267571272** = **19**x...

and if we add up then this third set of **19** numbers therein, the total sum will thus also be an exact multiple of **19** again: **19**x...

So this absolutely miraculous property thus goes on indefinitely, as long as this unique Fibonacci Sequence goes on indefinitely, under Almighty's will!

So therefore, we may thus clearly understand that this unique Fibonacci Sequence is not man made, but it is thus definitely a "**19**" crowned "heavenly Sequence," therefore thus perfectly been chosen and implemented by Almighty, from the very beginning, in many phenomena in Universe (like within spirals of galaxies), in Nature (like within flowers of many plants), in animal and Human bodies (like within designs of their DNA) --within perfect Symmetry, and exact Calculations-- in accordance with His profound promise in the Quran-Testament thus from the very beginning, and herein now! (So please, certainly see again the Quran-Testament $41/53 = 51/49 = 74/30-31$ herein firstly, in this regard.) But of course, we should, first of all, definitely also notice and know herein that this miraculous unique property we have thus witnessed above on this special number "**19**" are also imitable then with some other ordinary numbers such as 11, or 29, or 31 etc. therein. So now how can we really know and understand that Almighty has thus specifically chosen and implemented this unique Fibonacci Sequence in Universe, in Nature, in DNA, etc., from the very beginning, only and specifically because of its absolutely miraculous property on this special number "**19**" above, and not the others?

The first solid answer to this question should be: Then Almighty will definitely use this Fibonacci Sequence within a **19** coded, magnificent **Planning** herein in His Word, first of all, in order to thus definitely make all humanity know that He has, of course, been well aware of this absolutely miraculous property of this Fibonacci Sequence on this special number "**19**" --even long before the foundation of the world!

So by having thus already Most Wisely & Most Expertly established this Fibonacci Sequence herein in His **19** coded, magnificent **Planning** (as we shall together clearly witness it in the next pages), He Himself has already thus chosen and created this Fibonacci Sequence, --of course, thus also even long before Fibonacci was born in 1170 on this earth!

The second solid answer to this question should be: Although there are some other ordinary numbers such as 11, or 29, or 31 etc. that can exhibit the same remarkable property as this special number "**19**" within this unique Fibonacci Sequence above, but then only this special number "**19**" can exhibit this additional most critical and most miraculous aspect/property herein, thus:

If we divide now the first **19**th number (=2584) with the previous number (=1597) therein, what we will get is: **1.6180338134**

If we divide now the second **19**th number (=14930352) with the previous number (=9227465) therein, what we will get is: **1.61803398874**

If we divide now the third **19**th number (=86267571272) with the previous number (=53316291173) therein, what we will get is again: **1.61803398874**

And after this, it thus continues indefinitely, giving the same result over and over again. So let us carefully look and clearly see now the common number in all of these three results above; which is thus: **1.618033**

So first of all, we may now hereby clearly infer that this must be that most perfect "Golden Number" in the eyes of Almighty herein, primarily; but then all other ratios which would comply at least with that most basic number (=1.6) above, thus also can be accepted herein as/within "Golden Ratio" as well in the sight of Almighty, which has already thus --from the least perfect ones, to that most perfect one above-- clearly and abundantly been found and witnessed in many phenomena again in Universe, in Nature, in DNA, etc. --mostly within perfect Symmetry, and exact Calculations-- again!

And we should then also definitely notice herein that this most basic number above (=1.6) may also thus clearly be indicating to us thus "1" number on the left side of the dot, and "6" numbers on the right side of it --(1).(6)-- thus in the first place, which we can thereafter also exactly observe it in its ultimate and most perfect form herein thus: $1=(1).1=(6)2=(1)3=(8)4=(0)5=(3)6=(3)!$

So now, let us together clearly see this **19** coded, magnificent **Planning** of Almighty, which is thus based on this unique Fibonacci Sequence herein, again in the light of these most critical and basic Verses in the Quran-Testament herein, first of all, again thus:

=====

23- Al-lah has sent-down the nicest Utterance as a Written-Record herein, consisting of **similar** --those unique "Fibonacci Numbers" herein-- in **pairs/twoers** (=mutashaabehan mathaanea)!

** We shall completely and clearly see on the next pages in this regard those in total, 20 pairs of unique "Fibonacci Numbers," as they are thus Most-Wisely and Most-Expertly placed by Almighty herein, in an exact and orderly manner, which thereby eventually shall give us in the end thus **similar** (=mutashaabehan) in total, those magnificent 20 **pairs/twoers** (=mathaanea) of specific "Numbers" therein, thus:

0th	0 1	114 0	0th
1st	1 1	114 6	1st
1st	1 1	114 6	1st
----	-- --	-- --	----
----	-- --	-- --	----

The skins of those who reverence their Lord cringe therefrom, then their skins and their hearts do soften to -this- **Commemoration** (=Dhekr) of Al-lah!

This is also the **Guidance** (=Hudaa) of Al-lah, He **guides** with it whomever He wants; but whomever Al-lah **makes-stray** (because of their own betrayal herein: 2/26-27), there can be no Guide for them -thereafter!

(The Quran-Testament 39/23)

=====

=====

26- So (now) I will get him into **Uprooter!**

27- And what made you know what an **Uprooter!**

It does not **let-last,**

and It does not **let-stay,**

(thereafter, it presents)

Tables

for the humanity.

30- Upon it (there shall be) "**19!**"

** We shall see on the next pages in this regard those "defective" (because they are certainly thus going out of the limits of the Scripture therein) thus in this respect 2 "defective" Fibonacci **Numbers** therein, as:

----- & -----
6765th **6765th**

which will therefore thus inevitably be **excluded & eliminated** therein, rightfully, on either side, by this heavenly **Uprooter** (=Saqara) system; but then it shall also definitely present to us those in total, 20 pairs of major and intact heavenly "Numbers," as we have seen previously, within perfect **Tables** (=Levvaahatun) then, as all of them exactly coded under number "**19**" therein, on both sides again, just as it has again thus Wisely been pointed out in the above Verses, thereafter!

31- And We did not make the guardians of the Fire, except Angels; and We did not make their number (=19), except as a test for the disbelievers; thus

= the ones who were given the Scripture (=Jews & Christians & Arabs) herein may attain certainty, and the believers may augment belief,

= those who were given the Scripture (=Jews & Christians & Arabs), and the believers hereby shall not doubt,

= but the ones in whose hearts (there is) an illness, and the disbelievers herein shall say: **What is it that Al-lah -really- intended by this allegory** (the allegory that has already been cited in the above 26-30. Verses)? Al-lah thus **makes-stray** (=yudellu) with it, whomever He wants (because of their own betrayal; 2/26), and **guides** (=yahdee) with it, whomever He wants (because of their own loyalty and sincerity; 13/27). And none can know the armies of your Lord, except He; and it (=that **Uprooter** cited in the above 26-30. Verses) is not, except a **Commemorative** (=Dhekraa) for the humanity! (The Quran-Testament 74/26-31)

** We must have thus already solidly perceived the very close relation between these Verses (74/26-31) and that Verse (39/23) we have previously seen, through the very critical keywords herein such as **Commemorative** (=Dhekraa), **Commemoration** (=Dhekr), and then **guides** (=yahdee), and **makes-stray** (=yudellu) thus used and emphasized in both of these specific Verses, which thereby Almighty thus basically and exactly signals to us this same Golden “mathematical Planning” therefore thus within the Quran-Testament! (please, also certainly see again now The Q. Testament 39/23 = 74/26-31 in this regard.)

=====

So after we have thus clearly seen and remembered again these most critical and basic Verses in the Quran-Testament, thus openly also in this regard now, we can thereafter together immediately witness herein this **19** coded excellent “golden Miracle,” manifestly again, now thus:

6765th	-----	--	--	-----	6765th
--------------------------	-------	----	----	-------	--------------------------

First of all, we should definitely notice herein the conspicuous fact that because there is no 6765th Verse in the Quran-Testament (=there are exactly "6234" numbered Verses in total), we have rightfully --also again firstly, based on this most fundamental Verse in this regard (=74/28), of course-- excluded, and eliminated this last Fibonacci Sequence Number (=6765th) on both sides, under both of our those two special Tables above. But then because this last Fibonacci Sequence Number (=6765th), and that last Verse Place Number (=6234th) in the Quran-Testament, are thus both equally reaching the same (=6000) numerical level essentially above, for this reason we have then repeated the Chapter and Verse Number (=110 3) for/within that **21**st Fibonacci Number, on the right side, in our first Table; and then we have repeated the total number of Letter and Gematrival Values (=5000 **69**) for/within that **55**th Fibonacci Number, on the left side, in our second Table, thus to rightfully and perfectly compensate for this, thus in a perfect parallel manner, within these perfectly complementary two Tables above. And so thereby herein, we should also definitely notice now, firstly: **21 + 55 = 19x...** And secondly, we should definitely also notice then: There are twenty pairs of Fibonacci Numbers in total, on each of our complementary two Tables above; so if we go to the (1/2=) tenth pair (=Fibonacci Number: **34**th therein, on either sides) primarily now, we see that thus we have "**9**" pairs of Fibonacci Numbers above this middle point, and "**10**" pairs of Fibonacci Numbers beneath this middle point, thus in the first place; and then now, that **55**th Fibonacci Number, emphasized above, is thus the **1**st one among this --downward-- ten pairs, on the left side, in our second Table, and then now, that **21**st Fibonacci Number, emphasized again above, is thus the **9**th one among this --upward-- nine pairs, on the right side, in our first Table! So thus we can clearly see and easily comprehend now this greatly meaningful and coherent Mathematical actions of Almighty, He has thus Most Wisely executed thus in a perfect complementary and parallel manner, within His perfectly complementary two most special Tables above.

But again, there will also, of course, still be those kind of disbelievers, and the ones in whose hearts there is an illness --as they have thus already profoundly been described and foretold by Almighty herein, in the first place (74/31)-- who will definitely again not like --but strongly dislike, or even hate and despise-- this great Miracle also now, herein most possibly by demanding that "there should have been at least two repeated elements, in a parallel manner, in each of those two Tables above, if this was really and perfectly from (a/the) God!" (please, also certainly see now the Quran-Testament 47/8-9 & 29/49 & 34/5-6 in this regard.)

So Almighty now, by also Most Wisely thus having already established and well placed this related most critical Verse within His Word, from the very beginning --even from before the foundation of the world-- will again now thus manifestly be proving to us that He was, of course, thus well aware of this kind of an ill and deliberate objection against His perfect Miracles in the future; and so herein He has already thus Most Wisely and Most Rightfully answered it in advance, herein thus:

=====

203- When you did NOT bring to them a “**Sign**” (=in this instance, that --purposefully missing-- second “14 2” for/within the primary Table; and/or that --purposefully missing-- second “15 847” for/within the --perfect complementary-- secondary Table), they (=those disbelievers, and the ones in whose hearts there is an illness; 74/31) said: “Shouldn’t you have put it forward too?”

O (Messenger of the Covenant) then you shall say to them: I am only following what is being pointed out to me herein from my Lord! So these are Beacons from your Lord, and a **Guidance** (=Hudan; please, certainly remember that this “similar --Fbnc. Numbers-- in twoers/pairs” system has already thus been called a **Guidance** (=Hudaa) again by Almighty before this, in the first place, upon which there would be this number **19** then, herein: 39/23 = 74/26-31) and a mercy for a people who shall believe!

(The Quran-Testament 7/203)

=====

And we should also certainly remember herein that we have already clearly seen and witnessed also that --changing a “**Sign**” into place of another “**Sign**”-- phenomenon in the Word of Almighty, based on these most critical Verses (16/101-102) within our previous very critical Documents (=Exceptional Miracle & Extra Miracle) before this, within a very similar context, and again a very similar, and thus absolutely amazing and immensely meaningful “heavenly Message” from Almighty in this regard also therein.

** First of all, we should certainly know herein that on our first Table above, the “Verse Place No’s” are determined by adding up all the numbered Verses up until (and including) the very indicated place by a specific Fibonacci Number therein.

For example, when we want to determine the “Verse Place No” within the Quran-Testament for the Fibonacci Number (=21st) therein --starting from the beginning of the Quran-Testament-- we immediately add up: **7** (the total number of Verses in Chapter 1) + **14** (the fourteen Verses from Chapter 2) = **21st** (=that is thus Chapter No: **2**, and Verse No: **14**) therein. (*please, also remember that this is the exact same procedure we have thus followed within (=A Miraculous Seal) before this, to determine those specific “Verse Place No’s” also therein.)

And then on our second Table above, this time we put the total number of Letters, and then their total Gematrical Values thus before them (**4905 74**) in this specific Verse and Chapter No (=14 **2**) for/within the same Fibonacci Number (**21st**) place therein.

** Secondly, we should also certainly know herein that when determining the total number of Letters, and then their total Gematrical Values of each of those above Verses, we have again counted that unique compound letter (=feminine “t/h”) thus basically as two letters (=“t” & “h”) first of all, and then accordingly and consistently counted its gematrical values as (=400 + 5) thereafter, like we have again exactly done so within that (=A Miraculous Seal) before this. Because again this is thus a unique compound Letter herein in Arabic alphabet, which essentially thus consists of two Letters, in the first place.

(*And here, we should also certainly know that we have never acted contradictorily, by counting it as one letter, and then getting its gematrical value as if two letters thereafter, or vice versa, in any of those magnificent 19 coded “heavenly Plannings” of our Lord, because we are thus always and consistently to act upon this most straightforward and most rightful basic instruction of our Most Equitable Lord in this regard herein: $4/82 = 18/1-2$)

** Last of all, we should also definitely remember and thus again certainly know and solidly recognize herein that this excellent “Golden Miracle,” we have thus clearly and manifestly witnessed in this Document, has thus perfectly been planned and then revealed by Almighty now within that pure and correct Text/Script of the Quran-Testament (=its Arabic original: **Al-Khabaru**), which has thus essentially and perfectly been dictated and taught by Almighty to His real-prime “Messenger of the Covenant” now herein (please, certainly remember 98/2-3 in this regard), from the very beginning. So each and every of those hugely miraculous **19** coded “magnificent Plannings” of our Lord, we have thus clearly and manifestly witnessed in each of our previous Documents, and now this excellent “Golden Miracle,” we have thus clearly and manifestly witnessed in this Document, are again also thus solidly proving and all together thus firmly testifying to the heavenly absolute Truthfulness of this most critical and important “Messenger/Message of the Covenant” in this Final Age, thus under Almighty’s immensely great favor, and then all of His major Prophets’ (=primarily, Moses and Jesus and David and Muhammad herein, peace be upon all of them) wholeheartedly full support upon this “Messenger/Message of the Covenant,” in the first place. (please, certainly see again “**Awesome Miracle 1 & 2**” and then “**A Miraculous Seal**” firstly, in this regard.)

So let us also together see and remember herein then all the Chapters, and the total number of Verses of each of them first, and then the Gematrical Values of each Arabic Letter herein thereafter, that we may clearly check and see then the perfect accuracy of this excellent "Golden Miracle" --as presented within perfect complementary two most special Tables above-- herein within that Quran-Testament (=its original Arabic: **Al-Khabaru**) Text thereafter.

Lastly, let us together now clearly remember and certainly see again these most critical and basic Verses in the Quran-Testament herein, in this regard, thus:

=====

49- And from every wanted-thing We have thus created as “**pairs/twoers**” (=zavjain), that you may “take-**Commemoration**” (=yatadhakkaruuna/**Dhekr**; this is one of the most basic terms in the Quran-Testament thus also essentially referring to each and all of His **19** coded magnificent **Plannings**, which have mainly and always thus most wonderfully been created by Almighty within perfect “**twoers/pairs**” (=zavjain) again, herein; $2/25-26 = 39/23 = 74/26-31$!)
(The Quran-Testament 51/49)

53- So We will now show them Our “**Signs**” (=Aayatena; also thus essentially based on those perfectly created “**twoers/pairs**” (=zavjain) again, as it has already thus strongly been indicated and emphasized above) in the horizons, and also in their own bodies, until it thus becomes manifest to them that absolutely “This” (=His **19** coded --based on these **Fibonacci “Numbers”**-- magnificent **Planning** herein, which has again thus most wonderfully been created by Almighty within perfect “**twoers/pairs**” (=zavjain) herein; $39/23 = 74/26-31$) is the Truth! ...
(The Quran-Testament 41/53)

=====

So thus we may now clearly and certainly know and absolutely recognize again that all those magnificent Creations and Designs based on this unique Fibonacci Sequence, thus already openly and unmistakably been observed and confirmed also by all real and credible Scientists, within the Universe (like within spirals of major galaxies), in Nature (like within flowers of many plants), in animal and Human bodies (like within designs of their DNA) etc. --within perfect Pairs/Twoers, and exact Calculations-- has thus specifically been chosen and Most Wisely been implemented by Almighty, from the very beginning, because of this unique Fibonacci Sequence’s that definitive and strong link with this special number “**19**” (*as we have already clearly witnessed and recognized in page 2-4, that this is not an arbitrary Sequence, but is definitely thus a superbly “**19**” crowned “heavenly Sequence”), that all peoples on earth may thus clearly and unmistakably see now, and immediately and wholeheartedly return to this one and only true God (=AL-LAH) --the God of Abraham, and Moses, Jesus, David, and Muhammad-- who has thus created His marvelous Universe, and His marvelous Word with a superbly magnificent “Mathematical Language,” thus most essentially based on this very special number “**19**” herein! (please, certainly see again the Quran-Testament $51/49 = 74/26-31 = 41/53$ firstly, in this regard.)

So let Peace and eternal Serenity be again upon all those righteous believers (from among the Jews, Christians, Arabs, all Others) herein, who --after those hugely significant two fundamental miraculous "Awesome" holy Plannings, as we have manifestly witnessed them in our first two most critical documents-- will also hearken thereafter to this seventeenth most critical and miraculous "Golden" holy Planning herein, in this most anticipated Final Age,

and so thereafter shall wholeheartedly sit and also contemplate on this, and thus witness and personally verify this too, with their own ears and eyes and minds herein, for our own eternal Salvation and benefits in the sight of Almighty, forever! (please, certainly see again The Quran-Testament 39/23, 33-35 & 74/26-40 in this regard.)
