**“SEQUENCE”**

IN  
THE QURAN-TESTAMENT

FOR/WITHIN  
THE LAST MILLENNIUM

## THE FINEST "SEQUENCE!"

(41/53 = 51/20-21)

Here, we shall together witness the first and thus the finest segment of that unique Fibonacci "Sequence," as this most sacred Name of our Lord (=AL-LAH) has thus Most-Expertly and Most-Proficiently been placed thus in perfect concordance with it in the Quran-Testament beforehand, and thereafter has thus correspondingly been gathered together now, and thus perfectly been coded and presented again under number "19," on both sides, by/from Him again, herein.

Thus, the Omniscient Almighty, by having superbly planned --even before the foundation of the world-- and thereafter, by generously bestowing upon us again herein now this ultimate "golden Miracle," using again those exactly same, simple and straightforward principles that are absolutely intrinsic and fundamental within His most singular and spectacular **19** code & system (please, certainly remember again The Quran-Testament 74/26-31 in this regard), which we have already together entirely and clearly witnessed in all of our previous documents, will finally also be reminding us again with these very critical and important Messages, in the end, herein, thus:

=====

53- So We will --thus to indicate the irrefutable Existence, and the undeniable Omnipotence of this one and only true God (=AL-LAH)-- now show them Our "**Signs**" (=Aayatena; this is a most specific term herein thus especially also referring again to His **19** coded --based on this unique "**Fibonacci Sequence**"-- magnificent **Planning** herein, as a separate "**Commemoration/Dhekr**," and therefore also as an individual "**Sign/Aayat**" again thus herein, in the first place;  $21/2 = 36/46 = 74/26-31$ ) also in the horizons then, and also in their own bodies, until it thus becomes manifest to them that absolutely this is the Truth! ...

(The Quran-Testament 41/53)

20- So now on the earth there are "**Signs**" (=Aayatun; many phenomena, like within many flowers, plants, all kinds of organisms etc. in which this unique "**Fibonacci Sequence**," and the related "**Golden Ratio**," has already thus unmistakably and abundantly been discovered again in Nature) for the seekers;

21- And in your bodies (like within our DNA, our bones etc., first of all); so will you still not see?

(The Quran-Testament 51/20-21)

=====

So first of all, we should definitely remember herein that this unique Fibonacci Sequence, and the related Golden Ratio, was not arbitrary at all, but it is thus a superbly “**19**” crowned magnificent “heavenly Sequence,” as we have already together clearly witnessed and unmistakably thus discovered it in our previous document (=A Golden Ratio Miracle; p. 2-5).

So therein, Almighty by also revealing to us then those **19** coded --perfectly complementary-- two magnificent **Plannings** of His, thereafter, He has thus also definitively proven to all His sincere believers, and to all humanity, that He has, of course, thus been well aware of that most Miraculous property of number “**19**” within this unique Fibonacci Sequence --even long before the foundation of this world, and so long before Fibonacci himself!

And herein, Almighty by also revealing to us now these **19** coded --again, perfectly complementary-- two magnificent **Plannings** of His, in the next pages, on which He will thus be placing this time His most sacred Name (=AL-LAH), on top of it, on both sides, He will thus also definitively prove again to all His sincere believers, and to all humanity, once again and in this most excellent and superb Mathematical Language herein that, thus He is the one and only Possessor, and the one and only Executor of this unique Fibonacci Sequence, and the related Golden Ratio, from the very beginning, within His creation of the Universe (like within spirals of those many galaxies, etc.), in Nature (like within flowers of those many plants, etc.), in animal and Human bodies (like within designs of their DNA, etc.) --mostly, within perfect Symmetry/Pairs, and exact Calculations again-- as it has already thus unmistakably and abundantly been discovered, and also thus unanimously been confirmed by all real and credible Scientists, up to now!

So now, let us together clearly see then this **19** coded, magnificent **Planning** of Almighty, which is thus based on this unique Fibonacci Sequence herein, again in the light of these most critical and basic Verses in the Quran-Testament herein, first of all, again thus:

=====

23- Al-lah has sent-down the nicest Utterance as a Written-Record herein, consisting of **similar** --those unique "Fibonacci Numbers" herein-- in **pairs/twoers** (=mutashaabehan mathaanea)!

\*\* We shall completely and clearly see on the next pages in this regard those in total "19" pairs of unique "Fibonacci Numbers," as they have thus Most-Wisely and Most-Expertly been placed by Almighty herein, in an exact and orderly manner, which thereby eventually shall give us in the end thus **similar** (=mutashaabehan) in total those magnificent "19" **pairs/twoers** (=mathaanea) of specific "Numbers" therein, thus:

<b>0</b> <sup>th</sup>	0 1	114 0	<b>0</b> <sup>th</sup>
<b>1</b> <sup>st</sup>	1 1	112 2	<b>1</b> <sup>st</sup>
<b>1</b> <sup>st</sup>	1 1	112 2	<b>1</b> <sup>st</sup>
----	-- --	-- --	----
----	-- --	-- --	----

The skins of those who reverence their Lord cringe therefrom, then their skins and their hearts do soften to -this- **Commemoration** (=Dhekr) of Al-lah!

This is also the **Guidance** (=Hudaa) of Al-lah, He **guides** with it whomever He wants; but whomever Al-lah **makes-stray** (because of their own betrayal, herein: 2/26-27), there can be no Guide for them -thereafter!

(The Quran-Testament 39/23)

=====

=====

26- So (now) I will get him into **Uprooter!**

27- And what made you know what an **Uprooter!**

-----  
It does not **let-last,**

-----  
and It does not **let-stay,**

(thereafter, it presents)

-----  
**Tables**  
-----

for the humanity.

30- Upon it (there shall be) "**19!**"

\*\* We shall see on the next pages in this regard those "defective" (because they are certainly thus going out of the limits of the Word therein) thus in this respect 2 "defective" Fibonacci **Numbers** therein, as:

----- & -----  
**4181<sup>st</sup>** **4181<sup>st</sup>**

which will therefore thus inevitably be **excluded & eliminated** therein, rightfully, on either side, by this heavenly **Uprooter** (=Saqara) system; but then it shall also definitely present to us those in total "19" pairs of major and intact heavenly "Numbers," as we have seen previously, within perfect **Tables** (=Levvaahatun) then, as all of them exactly coded under number "**19**" therein, on both sides again, just as it has again thus Wisely been pointed out in the above Verses, thereafter!

31- And We did not make the guardians of the Fire, except Angels; and We did not make their number (=19), except as a test for the disbelievers; thus

= the ones who were given the Scripture (=Jews & Christians & Arabs) herein may attain certainty, and the believers may augment belief,

= those who were given the Scripture (=Jews & Christians & Arabs), and the believers hereby shall not doubt,

= but the ones in whose hearts (there is) an illness, and the disbelievers herein shall say: **What is it that Al-lah -really- intended by this allegory** (the allegory that has already been cited in the above 26-30. Verses)? Al-lah thus **makes-stray** (=yudellu) with it, whomever He wants (because of their own betrayal; 2/26), and **guides** (=yahdee) with it, whomever He wants (because of their own loyalty and sincerity; 13/27). And none can know the armies of your Lord, except He; and it (=that **Uprooter** cited in the above 26-30. Verses) is not, except a **Commemorative** (=Dhekraa) for the humanity! (The Quran-Testament 74/26-31)

\*\* We must have thus already solidly perceived the very close relation between these Verses (74/26-31) and that Verse (39/23) we have previously seen, through the very critical keywords herein such as **Commemorative** (=Dhekraa), **Commemoration** (=Dhekr), and then **guides** (=yahdee), and **makes-stray** (=yudellu) thus used and emphasized in both of these specific Verses, which thereby Almighty thus basically and exactly signals to us this same Golden “mathematical Planning” therefore thus within the Quran-Testament! (please, also certainly see again now The Q. Testament 39/23 = 74/26-31 in this regard.)

=====

So after we have thus clearly seen and remembered again these most critical and basic Verses in the Quran-Testament, thus openly also in this regard now, we can thereafter together immediately witness herein this **19** coded ultimate “golden Miracle,” manifestly again, now thus:

**4181**<sup>st</sup>      --      --      --      --      **4181**<sup>st</sup>

First of all, we should definitely notice and know herein that because there are in total exactly “2698” occurrences of the Word: “AL-LAH” within the Quran-Testament, we have rightfully --also again firstly, based on this most fundamental Verse in this regard (=74/28), of course-- excluded, and eliminated this --exceeding-- last Fibonacci Sequence Number (=4181st) on both sides, under both of our those two special Tables above. But then again, because after this last --valid-- Fibonacci Sequence Number (=2584th) on our two Tables above, there are thus still some extra/more occurrences of the Word: “AL-LAH” in the Quran-Testament, we have therefore repeated the **Chapter**, and the Verse Numbers (=77 2 & 73 20) for/within that 34th Fibonacci Numbers, on the left and the right side, on our first Table; and then we have repeated again this time the number of **Letters**, and their Gematrical Values (=66 4 & 4 66) for/within that 34th Fibonacci Numbers again, on the left and the right side, on our second Table; thus to rightfully and perfectly compensate for this, thus in a perfect parallel manner, within both of those --perfectly complementary-- magnificent two special Tables above. And then, we should definitely notice herein that these “34th” Fibonacci Sequence Numbers, on our two Tables above, are thus the “tenth” pairs therein, and thus at the exact center/middle points therein; so there are thus exactly “nine” pairs of Fibonacci Sequence Numbers, beneath and above this central/middle point thereafter.

So we should also definitely remember now and thus clearly perceive herein that, because these --perfectly complementary-- magnificent two special Tables above are thus firmly based on the specific occurrences of this one and only Name (=AL-LAH) of our Lord, and then the total Letter and the Gematrical Values of this one and only Name therein, these two special Tables above are thus doubly and ultimately Miraculous (in the respect that both those specific Fibonacci Sequence Numbers, and then mainly those specific Chapter, and the Verse No’s are thus all together giving totally Miraculous (19x...) 4 results on our first Table; and thereafter, both those specific Fibonacci Sequence Numbers, and then mainly those total number of Letters, and the Gematrical Values are thus all together giving again totally Miraculous (19x...) 4 results again on our second Table; and in each Table there are perfectly parallel two repetitions at their exact center/middle points, comparing it to those again --perfectly complementary-- two special (but exactly half magnificent) Tables, as we have clearly witnessed it as an excellent “golden Miracle” in our previous document (=A Golden Ratio Miracle), as it is perfectly befitting here the most magnificent Name (=AL-LAH) of our Lord, within this exact doubly Miraculous ultimate “golden Miracle” --in every of those specific respects emphasized above-- herein!

\*\* First of all, we should clearly know herein that on our first Table above, when we want to determine e.g. the **21**st place of occurrence of the Word: "**AL-LAH**" therein --starting from the very beginning of the Quran-Testament-- we immediately begin to count this one and only Name (=AL-LAH) thus starting from the very first Chapter therein, and when we reach the **21**st occurrence of this one and only Name therein, we see that it is now in Chapter **2**, and Verse **61**, and so we immediately put then these specific numbers thus (=61 **2**) therein. Then we do the same --starting from the very end of the Quran-Testament-- only this time, of course, we immediately begin to count from the very last Chapter therein. And then, on our second Table above, this time we put the total number of Letters (=4) that together thus perfectly make up this one and only Name (=AL-LAH) --in original Arabic, of course-- of our Lord, and then their total Gematrical Values (=66) again thus (=66 **4**) exactly therein.

\*\* Secondly, we should therefore also certainly know herein that in all of those Verses on our first Table above, this one and only Name (=Al-lah) is found thus in its exact/perfect form, except in Chapter 1, Verse 2 and Chapter 18, Verse 44 therein. In both of these Verses, this one and only Name (=Al-lah) thus loses its definite article, when it is mentioned and written as (=lil-lah) therein, but because in both of these instances the preceding words thus remarkably bear these missing definite articles (=Al-hamdu lil-lah & Al-valayatu lil-lah) in this perfect parallel and exact complementary ways, thus they wonderfully make up for this loss, that we can therefore rightfully take them into account again thus as (=Al-lah) in its exact/perfect forms also herein.

\*\* Thirdly, we should also definitely notice herein that, because we have thus determined all of those Chapter, and Verse No's on our first Table above, solely based on those specific occurrences, within them, of the Word (=AL-LAH) therein, in the first place, we have, of course, only taken into account the number of Letters, and the Gematrical Values of this one and only Name (=AL-LAH) solely, on our --perfect complementary-- second Table above, not the total number of Letters, and their Gematrical Values of the whole Verses therein, as we have only rightfully done it in our previous document (=A Golden Ratio Miracle), because there was no such specific Word therein, we were thus to exclusively focus on, in the first place.

\*\* Lastly, we should again also certainly notice herein that there is an exact center/middle point (=34th Fibonacci Sequence Numbers) on our two special Tables above, on which we have rightfully put those repetitions herein, whereas there was no such exact center/middle point again on our two special Tables we have seen before, in the previous document (=A Golden Ratio Miracle), so we had rightfully put those repetitions just one above, and one beneath this exact center/middle point (=34th Fibonacci Sequence Numbers) herein, within that perfect parallel and complementary way, we have seen before therein.

Lastly, let us together now clearly remember and certainly see again these most critical and basic Verses in the Quran-Testament herein, in this regard, again thus:

=====

53- So We will --thus to indicate the irrefutable Existence, and the undeniable Omnipotence of this one and only true God (=AL-LAH)-- now show them Our "**Signs**" (=Aayatena; this is a most specific term herein thus especially also referring again to His **19** coded --based on this unique "**Fibonacci Sequence**"-- magnificent **Planning** herein, as a separate "**Commemoration/Dhekr**," and therefore also as an individual "**Sign/Aayat**" again thus herein, in the first place;  $21/2 = 36/46 = 74/26-31$ ) also in the horizons then, and also in their own bodies, until it thus becomes manifest to them that absolutely this is the Truth! ... (The Quran-Testament 41/53)

20- So now on the earth there are "**Signs**" (=Aayatun; many phenomena, like within many flowers, plants, all kinds of organisms etc. in which this unique "**Fibonacci Sequence**," and the related "**Golden Ratio**," has already thus unmistakably and abundantly been discovered again in Nature) for the seekers;

21- And in your bodies (like within our DNA, our bones etc., first of all); so will you still not see? (The Quran-Testament 51/20-21)

=====

So thus we should now clearly and certainly see and absolutely recognize herein that this one and only true God (=AL-LAH) is thus Simultaneously --above/upon both of those left, and right sides-- (\*please, certainly also see now the Quran-Testament 2/115, and the related very important explanation within (=A Glorious Miracle; p. 3 & 15) in this respect-- is thus the real and only Possessor, and the real and only Executor of this unique Fibonacci Sequence, and the related Golden Ratio, (=it is thus a superbly "**19**" crowned magnificent "heavenly Sequence," from the very beginning, as we have clearly witnessed it before), that He has therefore thus specifically chosen and Most-Expertly & Most-Adeptly thus implemented then within His creation of this Universe (like within spirals of major galaxies, etc.), in Nature (like within flowers of many plants, etc.), in animal and Human bodies (like within designs of their DNA, etc.) --mostly, within perfect Symmetry/Pairs, and exact Calculations again-- that all peoples on earth may thus clearly and unmistakably see now, and thus may immediately and wholeheartedly return to this one and only true God (=AL-LAH) --the God of Abraham, and Moses, Jesus, David, and Muhammad-- who has thus created His marvelous Universe, and His marvelous Word within a superbly magnificent "Mathematical Language," thus most essentially based on this very special number "**19**," on both sides, herein!

So let Peace and eternal Serenity be again upon all those righteous believers (from among the Jews, Christians, Arabs, all Others) herein, who --after those hugely significant two fundamental miraculous "Awesome" holy Plannings, as we have manifestly witnessed them in our first two most critical documents-- will also hearken thereafter to this eighteenth very critical and miraculous ultimate "Golden" holy Planning herein, in this most anticipated Final Age, and so thereafter shall wholeheartedly sit and also contemplate on this, and thus witness and personally verify this too, with their own ears and eyes and minds herein, for our own eternal Salvation and benefits in the sight of Almighty, forever! (please, certainly see again The Quran-Testament 39/23, 33-35 & 74/26-40 in this regard.)
