 **Awesome MIRACLES on the Brightest Star = "SIRIUS" right here now =53/49**

« on: April 05, 2016, 09:37:26 PM »

Salaam to all brothers/sisters,

here we shall clearly witness absolutely Magnificent and wonderful

**UNIVERSAL --Scientific/Mathematic-- MIRACLES**

that our LORD AL-LAH has created, from the very beginning,

due to HIS **most essential Word and Promise**,

in this respect, here:

=====

**49-** And certainly, HE (Alone) is the LORD (=Creator, Designer, Sustainer) of **the Sirius** (=al-Shi'ra = that most Prominent "**brightest Star system**" in the Sky.)

**53-** So, We will show them Our **Signs** ---(which are specifically "**19**" coded,

from the very beginning, here =**74/26-30, 31**)---

in the horizons (=i.e. thus also and especially,

within that most Prominent "**brightest Star system**" in the Sky,

as it is specifically emphasized in the above Verse)---

and (also) within their selves/souls,

until it becomes perfectly clear to them that this is absolutely **The Truth**.

Is it not Enough that your LORD is Witness over all things.

**49-** For, from all things We have created as/in **perfect Pairs** (=i.e. thus also and especially,

**the Sirius** (=al-Shi'ra = that most Prominent "**brightest Star system**"

which essentially consists of a **Pair of Stars** =Sirius A & =Sirius B therein)

that you may **take-Heed** =**taDhakkaroona** (=specifically based upon

**"19"** coded, **taking-Heed** =**Dhikra**

from the very beginning, here again =**74/26-30, 31**)!

053 49                      06 45 09  
 ^ ^                              > > >

= **19** x...

06 45 08                      053 49  
 > > >                              ^ ^

= **19** x...

the Sirius  
 in QURAN TESTAMENT  
Chapter Verse No.

053 49                      16 42 59  
 ^ ^                              > > >

= **19** x...

the Sirius  
 in QURAN TESTAMENT  
Chapter Verse No.

16 42 58                      053 49  
 > > >                              ^ ^

= **19** x...

\*Please, certainly note that --for/on **the left side**-- above,  
 we have thus perfectly and equally increased those very last digits  
 (just **one** up) due to those extra digits after the **decimal points**  
 therein above:

**Right Ascension:** 06 45 08.92 = 09  
**Declination:**    16 42 58.02 = 59

and then (in exact opposite manner) --for/on **the right side**-- above,  
 we have thus perfectly and equally kept those very last digits  
 (exactly the **same**) in spite of those extra digits after the **decimal points**  
 therein above:

**Right Ascension:** 06 45 08.92 = 08  
**Declination:**    16 42 58.02 = 58

in such a perfectly parallel/equal and absolutely Coherent/Consistent manner,  
 for/within those **two Cases** --for/on **the left sides** & for/on **the right sides**-- above,  
 by this **absolutely Most Superb and matchless**  
**perfect "Creation Design"** of our Supreme LORD  
 here again (53/49 = 41/53 = 51/49), from the very beginning!

\*And please, absolutely note that  
 these precise Coordinates of the brightest Star system (=the Sirius) in our night Sky above:

**Right Ascension** = **06** hours **45** minutes **08.92** seconds

**Declination** = **-16** degrees **42** arcminutes **58.02** arcseconds

have thus perfectly been taken into account  
based on Epoch J2000.0 standards (=i.e. which is based on the "**Universal Solar Calendar**") of our Time,  
as precisely measured on **January 1, 2000** therein)  
and unanimously accepted by/as **International Celestial Reference System**.

<https://en.wikipedia.org/wiki/Sirius>

So it is **Absolutely MIRACULOUS** also in this respect that  
just in the very beginning of this **Final Age/Millennium** (=i.e. on **January 1, 2000**)  
these precise Coordinates above have thus perfectly been measured and established  
based upon the **Universal Solar** (=i.e. **Sun** based) **Calendar** of this Age,  
by the full Approval and perfect Teaching of **AL-LAH** unto humanity  
in this most specific respect here now (=QURAN TESTAMENT **17/2 = 55/3-4**)  
from the very beginning,  
for/in this **Final Age/Millennium** now! (=QURAN TESTAMENT **41/53**)

« **Reply #1** on: April 05, 2016, 10:26:46 PM »

So now, let us clearly see  
these most Essential and fundamental two Verses, in this respect,  
now here again thus, in the very first place:

=====

**49-** And certainly, **HE (Alone)** is the **LORD** (=Creator, Designer, Sustainer)  
of **the Sirius** (=al-Shi'ra = that most Prominent "**brightest Star system**" in the Sky above.)

**49-** For, from all things We have created as/in **perfect Pairs** (=Sirius A & =Sirius B)  
that you may **take-Heed = taDhakkaroon** (=specifically based upon

**"19" coded, taking-Heed = Dhikra**

from the very beginning, here again =**74/26-30, 31**)!

QURAN TESTAMENT **53/49** = **51/49**

=====

V  
V

<u>Chapter No.</u>	<u>Verse No.</u>	<u>Chapter No.</u>
<b>053</b>	<b>49</b>	<b>051</b>
>	^	<

= **19** x...

So, our LORD AL-LAH once again has thus clearly and unmistakably let us realize that HE has indeed Created a ---(specifically "**19**" coded)--- "Pair" for/within the Sirius (=i.e. that most Prominent "brightest Star system") in our Sky above, from the very beginning, in this most Wise and perfect Manner in QURAN TESTAMENT above (**53/49** = **51/49**), in the very first place!

\*Please, certainly note that we have rightfully placed that most specific Chapter No. always as a perfect "three-digit" number (= "**053**" **49**) in all cases above, --(and we will consistently do the same in all cases ahead)-- this is perfectly rightful and legitimate due to the Fact that the maximum/biggest Chapter No. is perfectly a "three-digit" number (= "**114**") in QURAN TESTAMENT, by this most Wise and perfect Decree of our One and Only LORD AL-LAH from the very beginning. (**72/28** = **78/29**)

So now, let us continue on our Way and also clearly see here:

**Apparent Brightness**

of the Sirius Star system (=i.e. Sirius A & Sirius B) = **-1.46**

**Apparent Luminosity**

of the Sirius Star system (=i.e. Sirius A & Sirius B) = **22.811..**

(\*We can make the precise "Luminosity" calculation for/in this specific Value above (**-1.46**) --at this precise distance: =**8.6** light years-- here: <http://www.1728.org/magtudj.htm>)

**Absolute Brightness**

of the Sirius Star system (=i.e. Sirius A & Sirius B) = **1.43**

**Absolute Luminosity**

of the Sirius Star system (=i.e. Sirius A & Sirius B) = **22.909..**

(\*We can make the precise "Luminosity" calculation for/in this specific Value above (**1.43**) --at this precise distance: =**8.6** light years-- again here: <http://www.1728.org/magtudj.htm>)

So here they are, in this absolutely **Most WONDROUS** & **Most AMAZING** perfect manner, now here:

All PRAISE

is to

AL-LAH

Apparent Brightness	the Sirius		Absolute Brightness
	in QURAN TESTAMENT	Verse Chapter No.	
1.46	49	053	1.43
	^	^	

= 19 x...

All PRAISE

is to

AL-LAH

Apparent Luminosity	the Sirius		Absolute Luminosity
	in QURAN TESTAMENT	Verse Chapter No.	
22.80	49	053	22.91
	^	^	

= 19 x...

\*Please, certainly note that we have thus rightfully decreased --(after the **decimal point**)-- the very last digit of that Apparent Luminosity just one down = 22.81.. (=22.80), due to that smallest/minimum -most specific- number (= "**1**") at the very end, in this respect,

and then we have thus rightfully increased --(after the **decimal point**)-- the very last digit of that Absolute Luminosity just one up = 22.909.. (=22.91), due to that biggest/maximum -most specific- number (= "**9**") at the very end, in this respect.

And please, certainly note that --(after the **decimal points** above)-- now there are thus all "two digit numbers" equally and perfectly, for/on the left side & for/on the right side above, in such a perfectly parallel/equal and absolutely coherent/consistent manner, also in this respect above, from the very beginning.

So now, let us continue on our Way and also clearly see here:

the **Distance** to **the Sirius Star system** (=i.e. **Sirius A & Sirius B**) = **8.60 (+ 0.04 or - 0.04) light years**  
<https://en.wikipedia.org/wiki/Sirius>

So we will rightfully take it into account here

in this specific manner, basically, as: **08.6 light years**

to the **Sirius A** --(for/when it is the **much bigger/further Star** --(with about **2.02** x Solar Mass) therein,

and in this specific manner, basically, as: **8.5 light years**

to the **Sirius B** --(for/when it is the **much smaller/nearer Star** --(with about **0.98** x Solar Mass) therein,

--and then again--

the **Distance** to **the Sirius Star system** (=i.e. **Sirius A & Sirius B**) = **2.64 (+ 0.01 or - 0.01) parsecs**  
<https://en.wikipedia.org/wiki/Sirius>

So we will rightfully take it into account here

in this specific manner again, basically, as: **02.7 parsecs**

to the **Sirius A** --(for/when it is the **much bigger/further Star** --(with about **2.02** x Solar Mass) therein,

and in this specific manner again, basically, as: **2.6 parsecs**

to the **Sirius B** --(for/when it is the **much smaller/nearer Star** --(with about **0.98** x Solar Mass) therein.

So here they are, in this absolutely **Most WONDROUS** & **Most AMAZING** perfect manner, now here:

So now, let us continue on our Way  
and also clearly see here:

the **Distance** between **Sirius A** and **Sirius B**  
when they are nearest to each other in their orbits = **8.1 or .2** \_\_\_ \_\_\_ **Astronomical Units**  
<http://www.solstation.com/stars/sirius2.htm>

so we will rightfully take it into account as perfect round Number here,  
most essentially, as = **"8.0"** **Astronomical Units**

and the **Distance** between **Sirius A** and **Sirius B**  
when they are farthest from each other in their orbits = **31.4 or .5** \_\_\_ \_\_\_ **Astronomical Units**  
<http://www.solstation.com/stars/sirius2.htm>

so we will rightfully take it into account as perfect round Number here again,  
most essentially, as = **"31.0"** **Astronomical Units**

So here they are, in this absolutely **Most WONDROUS** & **Most AWESOME** perfect order,  
first of all, now here:

<b>31.0</b>	<b>053 49</b>	<b>31.0</b>

= **19** x...

= **19** x...

And in their specific orbits above --(as they come **nearest to** or/and **farthest from** each other along the Way)-- eventually both of them (=Sirius A and Sirius B) complete their orbit in **50.1** years therein (=i.e.

Orbital Period of Sirius A = **50.1** years  
Orbital Period of Sirius B = **50.1** years

So here they are again, in this absolutely **Most WONDROUS** & **Most AWESOME** perfect order, finally, now here:

So now, let us continue on our Way  
and also clearly see here:

the **Proper Motion** of

**the Sirius Star system** (=Sirius A & Sirius B) = **0.5461** arcseconds/year (=Right Ascension)

so we will rightfully take it into account here, essentially, as = **0.55**

<http://vega.lpl.arizona.edu/sirius/A6.html>

and again the **Proper Motion** of

**the Sirius Star system** (=Sirius A & Sirius B) = **-1.2231** arcseconds/year (=Declination)

so we will rightfully take it into account here, essentially, as = **1.23**

<http://vega.lpl.arizona.edu/sirius/A6.html>

\*(Please, certainly note that  
within that **most fundamental** very first Case (=i.e. "**Position/Coordinates**" which is perfectly based on  
"**Right Ascension**" and "**Declination**" therein again),  
we have thus increased the very last digits --(before the **decimal points** therein),  
perfectly and equally just **one** up, for/in both cases (= "**Right Ascension**" and "**Declination**")  
on the left side, therein, in the very first place,  
so therefore, in an exactly similar/same way, we perfectly and equally do it again above, also here in this Case now.)--

So here they are, in this absolutely **Most WONDROUS** & **Most AWESOME** perfect order,  
first of all, now here:

<u>R. Ascension</u> B	<u>Chapter Verse No.</u>	<u>Declination</u> B

= **19** x...

= **19** x...

And in their specific Proper Motion above --(as they slightly but steadily move forward in our night Sky as/of Right Ascension and Declination just a little bit therein above, for/in each year)-- as both of them (=Sirius A and Sirius B) together again also flowing in a steady speed of = **8.1 or .2** \_\_\_ km / second (=as/of Radial Velocity) therein.  
<http://www.alcyone.de/SIT/mainstars/SIT000499.htm>

So we will rightfully take it into account here again, most essentially, as:

Radial Velocity of Sirius A = **8.0** km / s

Radial Velocity of Sirius B = **8.0** km / s

So here they are again, in this absolutely **Most WONDROUS** & **Most AWESOME** perfect manner, finally, now here:

Finally, we should absolutely note here that in near future, when/if more Data thus continue to be gathered about this most Prominent **brightest Star system** (**the Sirius** = **al-Shi'ra** in QURAN TESTAMENT =**53/49**) in our night Sky above,

our One and Only LORD **AL-LAH** may absolutely continue to Grant unto us many more such **Most WONDROUS** & **Most AWESOME MIRACLES** again, therein.
